INDIVIDUAL A\&H
2019 Premium Rates for Standardized Medicare Supplement Policy Forms GR-A05C and GR-A05F, GR-A06A thru GR-A06G, GR-A06FH and GR-A06J

We are submitting the rates to be used beginning in 2019 for the above referenced forms. GR A05C and GR-A05F were approved in your state on June 11, 1992. GR-A06A thru GR-A06G, GR-A06FH and GR-A06J were approved in your state on January 23, 1996. GR-A06FH was approved on May 23, 2000. Form GR-A06J was approved on August 16, 2005. These forms are no longer available for sale.

The forms are guaranteed renewable, fully medically underwritten, Standardized Medicare Supplement plans. The various degrees of benefits proved by each plan are shown in the enclosed materials.

Due to the continued inflation in medical care costs, claim cost trend increases and poorer than anticipated experience, we must increase the rates on certain plans. The specific amounts and details of our requested changes are fully explained in the enclosed actuarial memorandum. The enclosed rates are intended to be effective through year-end 2019 and will apply to inforce business only. With these rates the required anticipated loss ratio standard of your state for this form will be met.

Because of the lead-time needed to implement these rates, we'd sincerely appreciate your expedited review for approval of this filing. Please feel free to correspond with us via fax to (312) 396-5907 or e-mail d.willis-panzica@banklife.com.

## Bankers Life and Casualty Company - Consumer Narrative

## 2019 Standardized Medicare Supplement Rate Revision and Annual Loss Ratio Filing

## Medicare Supplement Rates Changing in 2019

Bankers Life and Casualty Company regularly reviews the experience of its Medicare supplement business to ensure it will be able to honor its commitment to pay claims. Primary factors impacting premium rates are the rising cost of healthcare and impact of claims experience.

Based on the actual and projected Medicare supplement experience, a premium increase is necessary to bring projected future claims, relative to projected premiums, in line with the target relationships approved by the Office of the Health Insurance Commissioner.

The company has requested an overall premium increase of $6.8 \%$. Claims experience has been much higher than expected, requiring this increase. The proposed rate increases by plan and form are shown in the table below.

The proposed increases have been filed with and will be reviewed by the Office of the Health Insurance Commissioner. This filing complies with the laws and regulations of the State of Rhode Island and will not be implemented until approved by the Office of the Health Insurance Commissioner.
